IDE MANAGEMENT GROUP

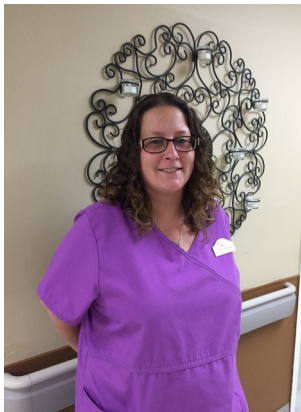

Volume 1, Issue 6, Date 8/15

## August 2015 Monthly Newsletter

You may have noticed a lot of extra people in and out of the facility doing various work. We are currently doing some updating to the facility like re-wiring for a new phone system that was recently installed. We are re-conditioning the resident rooms with a New color palette that will include new curtains. We are replacing many of the floors that are in need of being re-done. So, if see extra people now you know why.

Please welcome back team member Aimee Diehl to Kendallville manor when you get a chance. Aimee has helped us out as a floor nurse and now will take over as the MDS Director.

### Newsletter Spotlight

We'd like to welcome our NEW maintenance director Mike Bentley. Mike has years of experience in maintenance and will be great addition to the team. Welcome aboard, Mike!
