A SERVICE PROVIDED BY

WE WILL GET YOU IN

complete rehab and home again!

A service of Kendallville Manor, TruRehab continues to offer the same excellence in care and service that we have consistently provided to our Guests.

Our three distinct rehabilitation services including speech, occupational and physical therapy. Our team will work together to establish goals in order to achieve the best possible results for our Guests so they are able to achieve their highest level of function.

Rehab Nursing Technicians assist our Guest, when they are not in therapy, with daily cares and provide ongoing

education that will benefit our Guests when they return home.

Kendallville Manor prides itself on success stories when our Guests are able to return home. Participation in care planning with an interdisciplinary team of therapists, social workers and nursing encourage our Guests to set goals and reach their full potential. Our aggressive discharge planning ensures our Guests have all the adaptive equipment, home modifications and training to guarantee once our Guests return home, they stay at home.

OUR TruRehab FEATURES INCLUDE

- + Newly remodeled, spacious private rooms with private bathrooms that offer complimentary TV, phone services, internet, and sofa sleepers for your guests
- + Therapy clinic with large square footage featuring the most advanced therapeutic services and equipment in the area
- + In-house licensed physical, occupational and speech therapists
- + Spacious occupational therapy clinic with fully functional kitchen, laundry area, bedroom and shower room
- + Therapeutic diets that offer in-room service or dining in our private dining area
- + Easy access to therapy department
- + Lounge area to enjoy visits from family and friends

WHAT OUR GUESTS HAVE TO SAY

"I had good care, very attentive. I enjoyed the therapy department. It was helpful. They got me so I could walk straight and home sooner than I thought. The nurses are very good and compassionate!"

Martha, TruRehab Guest

"You did a wonderful job! I was in bad shape. I am now in great shape! I never thought I would be going back to my apartment. I got the best care. Whenever I rang the buzzer, (call light), they were right there. Everyone was wonderful!"

Deloris, TruRehab Guest

"I enjoyed my stay on the rehab unit. My room was cheerful. All the staff were very nice and helpful. The therapy staff helped me get back on my feet. I enjoyed the activities on the rehab unit, they worked with my arm to find things I could do. The dietary staff always assisted me with my food preferences and delivered foods I liked."

James, TruRehab Guest
